GOVERNMENT OF INDIA
NON-CONVENTIONAL ENERGY SOURCES
LOK SABHA

UNSTARRED QUESTION NO:3825
ANSWERED ON:22.03.2001
DISPOSAL OF WASTE IN ENERGY PROJECT
JASWANT SINGH YADAV

Will the Minister of NON-CONVENTIONAL ENERGY SOURCES be pleased to state:

(a) the status of various projects which have been awarded by various Government bodies of State at Municipal level for energy projects from disposal of waste;

(b) whether many of such projects have not taken off and has blocked entry of new economical environment friendly technologies;

(c) if so, the reaction of the Government in this matter; and

(d) the steps the Government propose to take in the matter?

Answer

MINISTER OF STATE FOR NON-CONVENTIONAL ENERGY SOURCES (INDEPENDENT CHARGE), (SHRI M. KANNAPPAN)

(a): The status of 19 projects on Energy Recovery from Municipal Solid Waste so far awarded by various Urban Local Bodies and State governments in different States, under National Programme on Energy Recovery from Urban and Industrial Wastes, is given in the Annexure.

(b) & (c): Two projects, one each in Vijayawada and Chennai, could not take off as the promoters backed out. However, these projects have not blocked entry of new economical environment friendly technologies as several new projects have been developed and two projects are under execution as given in the Annexure.

(d): Ministry of Non-Conventional Energy Sources have requestedall the States and Union Territories to announce conducive policies for setting up of Waste-to-Energy projects. Besides, Seminars and Business Meets are organised to create increased awareness. Fiscal and financial support is provided for setting up of the projects.

Annexure referred to in reply to parts (a),(b) & (c) of the Lok Sabha Unstarred Question No. 3825 for answer on 22-03-2001.

Status of Projects on Energy Recovery from Municipal Solid Waste awarded by various Civic Authorities in different Cities.
